Legendary Los Angeles DJ **Jim Ladd** along with 26 other KLOS personel were fired several days ago by the stations new parent company Cumulus Media. Ladd reflected several days ago that he regrets that he was not permitted to do a final show, but to the rescue came 640 KFI AM who will feature him on Saturday, Nov. 5, in a three hour special 4-7 PM.

I was fortunate enough to have Ladd guest on my show, "*The Blues Highway*" November 29, 2006. You can hear it in my
